Subject: Stop media consolidation

Dear Commissioner,

I am concerned about the power a handful of major media companies exert on what we hear, read and see. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations.

This something I feel strongly about as the news dominated by the major companies is being dumbed down, slanted, and becoming a reflection of the company's and individual broadcaster's opinions. I would like intelligent open reporting so that I could form my own views.

Thank you,

Dear Commissioner,

I am concerned about the power a handful of major media companies exert on what we hear, read and see. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations. Without numerous sources of media to choose from, we cannot have well balanced view of what is going on. We will all believe the same things and there will be no democracy in the United States.

Dear Commissioner,

I am concerned about the power a handful of major media companies exert on what we hear, read and see. Please adopt new rules that cap ownership at 35% and prohibit cross-ownership of newspapers and broadcast stations. I am shocked and disappointed by the way the "news" is being "reported". It seems to me that there is no longer any real "meat" to any story, and that what I am hearing and seeing is only what the "media" thinks I want to hear. I want more diverse coverage and be able to see and hear all different points of view. What I am seeing now is for simpletons that are easily entertained. I want to be challenged and educated as well!! Thank you, Lisa Franson

Dear Commissioner,

I hope the Commission will act to reverse rulings allowing continued concentration of media. What you have done so far is resulting in canned news shows produced far from local markets and pretending to be of local origin.

Also, and of overriding importance, is the potential for stifling political views and debate. Allowing media giants to mushroom does serve to enrich the owners, but it is a taking of the public airwaves and does not serve the public interest.

Thank you,
James Daniel
